

Town of Sand Lake, Burnett County, Wisconsin, USA

Programming information for Weather Radio

National Oceanic and Atmospheric Administration (NOAA) operates a service called National Weather Radio (NWR). When specific emergency weather information is available for particular area, the system broadcasts are encoded with a signal that indicates the region. The coding is called Specific Area Message Encoding (SAME).

If your weather radio accepts SAME encoding, the following codes may be useful.

Town of Sand Lake is in Burnett County, Wisconsin – SAME code 055013

Surrounding counties in Wisconsin are:

Polk County (South of Burnett County) -- SAME code 055095
Barron County (Southeast of Burnett County) – SAME code 055005
Washburn County (East of Burnett County) – SAME code 055129
Douglas County (North of Burnett County) – SAME code 055031

Surrounding counties in Minnesota are:

Carlton County (Northwest of Burnett County) – SAME code 027017
Pine County (West of Burnett County) – SAME code 027115
Chisago County (Southwest of Burnett County) – SAME code 027025

These codes can be confirmed, and codes for additional counties obtained, at:
<http://www.nws.noaa.gov/nwr/indexnw.htm>
